March 1842.

UNIVERSITY COLLEGE, LONDON.

ANNUAL GENERAL MEETING OF PROPRIETORS,

WEDNESDAY, FEBRUARY 23, 1842.

HENRY WARBURTON, ESQ., IN THE CHAIR.

Professor Key and Major Naylor were appointed by the Chairman Scrutineers to ascertain and report the result of the Ballot.

The Chairman, after consulting the Meeting, directed that the Ballot commence immediately after the reading of the Report of the Council.

The Chairman informed the Meeting that the nomination, by the Council, of the Right Hon. F. Baring, M.P., for Election as Member of Council, he not being a Proprietor, must be considered null.

The names of the Members of Council and Auditor going out of office, and of the Proprietors put in nomination for election as President, Vice-President, Treasurer, and Six Members of Council, were announced as follows:

COUNCIL.

MEMBERS RETIRING.

GEN. ALEXANDER.
JOHN P. HEYWOOD, Esq.
SIR GEORGE LARPENT, Bart., M.P.
SAMUEL JONES LOYD, Esq.
ANDREW LYNCH, Esq.
EDWARD STRUTT, Esq., M.P.

PROPRIETORS PROPOSED,		PROPOSED BY
For President, LORD BROUGHAM. *For Vice-President,* THE DUKE OF SOMERSET, K.G.	For re-election.	HENRY WARBURTON, Esq., Chairman of Council, 29th January, 1842.
For Treasurer, JOHN TAYLOR, Esq., F.R.S.		DR. A. HARDWICK. JOHN T. LEADER, Esq., M.P. F. TEMPLE, Esq.

For Members of Council:

GENERAL ALEXANDER (for re-election)	C. C. ATKINSON, Secretary to the Council.
JOHN DILLON, Esq.	C. C. ATKINSON.
THE REV. DR. FELLOWES	DR. A. HARDWICK.
S. J. LOYD, Esq. (for re-election)	C. C. ATKINSON.
GEORGE THOMAS NICHOLSON, Esq.	C. C. ATKINSON.
THE HON. COL. LEICESTER STANHOPE	DR. A. HARDWICK.
EDWARD STRUTT, Esq., M.P. (for re-election)	C. C. ATKINSON.

AUDITOR.

(GEORGE MEEK, Esq., retiring.)

THOMAS COPE, Esq. ..... *Proposed by* C. C. ATKINSON.

The Report of the Council was read by the Secretary.

The Statement of Receipt and Expenditure for the Session 1840–41, the Balance Sheet and the Financial Statements were exhibited and laid on the table, *vide* pages 9, 10, 11.

The Ballot proceeded.

On the motion of Mr. Pendarves, M.P., seconded by Mr. Thornely, M.P.,

Resolved,—That the Report be received, printed, and circulated among the Proprietors.

The Return in writing of the Scrutineers was made to the Chairman.

The Chairman declared the result of the Ballot to be as follows:—

For President . . . . . LORD BROUGHAM.
For Vice-President . . THE DUKE OF SOMERSET, K.G.
For Treasurer . . . . . JOHN TAYLOR, Esq., F.R.S.

For Members of Council.

GENERAL ALEXANDER.	S. J. LOYD, Esq.
JOHN DILLON, Esq.	GEORGE THOMAS NICHOLSON, Esq.
The Rev. Dr. FELLOWES.	EDWARD STRUTT, Esq., M.P.

For Auditor, THOMAS COPE, Esq.

The Hon. Col. Leicester Stanhope moved, "That this Meeting recommends to the Council to establish a Professorship of Christian Divinity in this College; that Prayers and the Scriptures be read; and that all Students be invited, but not compelled to attend these Readings. Those Scholars who may conscientiously object to this course of prayer and study, as contrary to their religious opinions and belief, will, it is hoped, court instruction from their parents, from the pastors of their faith, or from other sources."

Mr. Pitt seconded the motion.

The Chairman expressed his doubts whether such a Resolution could be come to, consistently with the provisions of the Charter, and stated his reasons for those doubts.

Mr. H. C. Robinson moved the previous question.

Mr. Cope seconded Mr. Robinson's motion.

Question put, "That the question on the motion of Col. Stanhope be now put." Ayes 6, Noes 40.

HENRY WARBURTON, *Chairman.*

Mr. Robinson took the Chair.

On the motion of Mr. A. Thorp,—Resolved unanimously, That the thanks of the Meeting be given to Mr. Warburton for his conduct in the Chair.

REPORT.

THE Council have the satisfaction of again meeting the Proprietors with congratulations on the condition of the College, and on its prospects of advancing prosperity. They are led to take this favourable view of the present and future situation of the affairs of the College, from the important increase during the present Session in the amount of the Class Fees in both Faculties; from the improved state of the Finances of the Hospital; and from the large accession of property, both to the College and Hospital, by Donation and Bequest.

FINANCES OF THE COLLEGE.

In the Session which ended in October last, and to which the Financial Statements now submitted more particularly relate, the number of Pupils in the College Classes and in the School was 890, viz. in the Arts, 145; in Medicine, 344; in the Junior School, 401. This is exclusive of the Class of Schoolmasters, to which were entered 45 Students.

The fees amounted to 11,840*l.* 9*s.* 5*d.*, out of which there was payable to Professors and Masters, 8553*l.* 7*s.* 6*d.*; to the College, 3287*l.* 1*s.* 11*d.* Adding to this the dividends on the unappropriated invested funds, profit on Exchequer Bills, and a few other receipts amounting together to 213*l.* 16*s.* 11*d.*, the income of the College was 3500*l.* 18*s.* 10*d.* The ordinary expenses of the Session were 3255*l.* 18*s.* 1*d.*: the extraordinary expenses, namely, Interest on Mortgage, payment to the Professor of Chinese, the cost of Gas Fittings, and of Anatomical Models, amounted to 491*l.* 10*s.* 6*d.* The whole expenditure therefore exceeded the year's receipts by 246*l.* 9*s.* 9*d.* For defraying this balance, incurred in permanent additions and improvements to the property of the College and its means of Education, the Council have applied temporarily a further portion of the Donation of Mr. Brundrett; and, until its repayment, the College is debtor for that amount to the Endowment Fund.

Although in the Medical Classes the total number of entries has been less in the present Session than for several preceding years, yet the number of new Students has increased considerably, and the aggregate of fees received for the same Classes is greater than it was last year by 730*l.* 16*s.*; the sums being 3772*l.* in February 1841, and 4502*l.* 16*s.* in February 1842. This improvement realises a hope expressed by the Council on a former occasion, that the falling off in the Medical Classes which occurred two years since, and affected this in common with the other Medical Schools of the kingdom, was but temporary.

In the Faculty of Arts, on a like comparison of dates, the increase is from 134 to 145 in the total number of Students; from 58 to 79

in the number of new Students, and from 2167*l.* 11*s.* to 2450*l.* 1*s* in the amount of fees.

In the Junior School, the number of pupils during last year was greater than it had been in any former Session. In February 1841, there were in the School 335 boys. The number at present is somewhat less, but is equal to the average at the corresponding period of the years preceding the last.

HOSPITAL.

The fees received for attendance on Hospital Practice, during the last Session, amounted to 3080*l.* 5*s.*; the number of Pupils was 125. For the present Session, there has been received 2545*l.* 15*s.*, which is an increase of 80*l.* 15*s.* on the amount at the corresponding date of last year. The Students of the year then were 104; they are now 105. The funds at present at the disposal of the Hospital Committee are as follows:—Mr. Brundrett's Donation of 1000*l.*; a Legacy of 500*l.* recently paid by the Executors of the late Mr. Thomas; a further sum of 500*l.* deposited at Interest in the London and Westminster Bank; and a fund of 217*l.* 5*s.* Consols. There is besides a balance of Cash and of Fees for Hospital Practice amounting together to 1273*l.* 12*s.*

These circumstances have led the Hospital Committee to entertain the hope of their being able to make permanent investments of all Donations and Bequests of considerable amount. In this feeling the Council fully participate; but the object can only be accomplished through the support of friends, and their exerting their influence in procuring such an increase of Subscribers to the annual income of the Hospital as will enable the Committee to leave untouched the principal of such Donations and Bequests.

INSTALMENTS ON SHARES.

The Council deeming it incumbent on them to ascertain precisely who are the Members of the College, that is, who are the representatives of the persons who have paid up all the Instalments on their Shares, caused letters to be addressed to the known representative of every Proprietor whose payments appeared to be deficient. This led them to discover that the defalcations of the former Accountant and Collector to the College were not confined to the money received by him for fees of Students; but that, between the years 1827 and 1834, a further amount, exceeding 700*l.*, of Instalments on Shares, was never brought to account. The persons who have been ascertained to have made these payments to the Collector have been deemed to have paid for their Shares in full.

PROFESSORSHIPS.

Since the last General Meeting the Council have instituted Professorships of Clinical Medicine, Architecture, and Civil Engineering. Mr. Donaldson has been chosen Professor of Architecture; Mr. Vignoles, Professor of Civil Engineering; and Mr. Webster, Professor of Geology.

Mr. Potter, Fellow of Queen's College, Cambridge, has been appointed Professor of Natural Philosophy and Astronomy in the

place of Mr. Sylvester, who has accepted the Office of Professor of Pure Mathematics in the University of Virginia.

Dr. Taylor, who received his medical education at this College, and took with Honours his Degree of M.D. in the University of London, has been appointed Professor of Clinical Medicine in the College, and Physician to the Hospital.

Dr. Walshe has been appointed successor to Dr. Carswell in the Professorship of Pathological Anatomy, and Mr. Thomas Morton, formerly a Student of the College, and who for some years has been one of the Demonstrators of Anatomy, has been appointed Assistant Surgeon to the Hospital.

The Professorship of Midwifery became vacant early in the present Session by the resignation of Dr. Davis, now deceased. Dr. Reid has been engaged to complete the course of the Winter Term; and the Council propose to fill up the vacancy before the commencement of the Summer Term.

Mr. Richard Quain, the younger, who was mentioned in the Report of last year as having obtained a Medical Scholarship at the University on taking his Degree of Bachelor of Medicine, has succeeded Dr. Taylor in the office of Apothecary at the Hospital.

UNIVERSITY EXAMINATIONS.

In this, as in former years, the large share obtained by the Students of the College of the Honours and Rewards bestowed by the University of London and other Examining Bodies, has testified to the excellence of our Course of Instruction.

Of five Exhibitions, four, that is two in each Faculty, were gained by them: so likewise were the three Medical Scholarships, and eleven out of fourteen Gold Medals.

The Exhibitioners were, in Mathematics, Mr. Jos. Anthony Spencer; in Classics, Mr. Bunnell Lewis; and in Medicine, Mr. Edward Ballard, who obtained two Exhibitions. The Medical Scholars were Mr. John P. Potter, on whom two Scholarships have been conferred, and Mr. C. Brodie Sewell.

As a Candidate for the Degree of M.A., Mr. Foster is reported by the Senate of the University to have passed a distinguished Examination. In the Examination for B.L. Mr. Freeth obtained Honours in all the branches; Conveyancing, Equity, and Common Law; and a Certificate of proficiency in each of those subjects was awarded to him.

An Assistant Surgeonship in the Army having been placed by the Army Medical Board at the disposal of the Senate of the University, as a reward to a Graduate who might distinguish himself at the Examination for the Degree of M.B., the commission was offered to and accepted by Mr. Edmund Parkes.

Of the Prizes offered by the Society of Apothecaries for the Examinations in Botany and Materia Medica, the Gold Medal for the former was obtained by Mr. Preston; and that for the latter, by Mr. A. B. Garrod; and one of the two Silver Medals was awarded

to Mr. John Thompson. Another of our Students, Mr. W. A. Hillman, was the successful competitor for the Scholarship in Comparative Anatomy, founded by the Royal College of Surgeons.

MR. BRUNDRETT'S BEQUEST.

A few weeks after the last General Meeting the College lost a zealous friend by the death of Mr. Jonathan Brundrett. Shortly before his decease that gentleman presented 2000*l.* to be shared by the College and Hospital. By his Will he left two-thirds of his residuary estate to the College, and one-third to the Hospital. The period for ascertaining the value of this Bequest has not yet arrived. It is supposed to amount to about 15,000*l.*

It has not hitherto been the practice of the Council, in their Annual Reports, to notice the losses which the Institution sustains by the death of its benefactors; but on this occasion they cannot refrain from adverting, with grateful recollection, to the late Mr. John Smith and Dr. Birkbeck.

The services rendered by Dr. Birkbeck to this Institution, when first founded, and his successful exertions in the cause of Education, warrant the Council in making honourable mention of his name among the friends of the College deceased during the past year.

To Mr. Smith the College not only owes much as an active member of its Council for many years, and as a most liberal contributor to its funds, but on one particular occasion the College may be said to owe its very existence to him and one other gentleman now living. These two gentlemen, on their own responsibility, contracted for the purchase of the freehold estate on which the College was afterwards erected, at a sum of 30,000*l.*, with the full understanding that in case the purchase should not be approved of by the parties intending to found the Institution, the land should become the property of those gentlemen, at their own risk.

The unkown and liberal benefactor of the College, "*Patriot*," has, in addition to his former donations, which amounted to 2500*l.*, placed with Messrs. Prescott, Grote, and Company, the further sum of 500*l.*, to the order of Lord Brougham, for the benefit of the College, with an intimation of a desire that this Gift should be applied towards completing some part of the unfinished building.

BYE-LAWS.

The code of Bye-Laws, the framing of which was in contemplation at the time of granting the Charter, having, after much deliberation by the Council, been now settled, it will be forthwith put in circulation among the Proprietors, and at the earliest convenient period will be submitted to them for consideration at a General Meeting to be called for that purpose.

By the Council,
CHARLES C. ATKINSON, *Secretary.*
